

# ILW Report: James Hargest College

At the Junior Campus (Year 7 & 8), we had the Wednesday dedicated to Japanese. There was a quiz in the daily notices and at interval the students were able to purchase sushi at a reduced rate. The sushi was a big hit and sold out really quickly! At lunchtime the students could either watch the Big Bird in Japan DVD, or watch a Kendo Demonstration and give it a go.

The Senior Campus students (Year 9 - 13) have a 五スターアワード programme. They have gained stars over the term, for various things such as full marks in vocabulary tests, winning games, spotting teacher errors, etc. In ILW they were rewarded for their efforts with a small prize if they had reached 5 stars. Many thanks to the Sasakawa Fellowship Fund for their wonderful support of this week.
