Note that candidates are aware this form is confidential.

In making their selection of scholars for the Sasakawa Undergraduate scholarship, the Selection Committee looks at the following factors:

- Academic ability as evidenced by performance in the applicant's secondary school examinations.
- Ability to demonstrate initiative, enthusiasm for study, self-confidence and an achievement orientation.
- Future leadership potential, as demonstrated through significant contributions to community and/or non-academic school activities.

It is recognised that you may not be able to comment on all of the above factors but it would be helpful to the Committee if you could keep this list in mind when you frame your response.

Thank you very much for your time.
